EFFECTIVENESS OF COMMUNITIES

ANNURAG BATRA

✉ anurag.batra@businessworld.in

The effectiveness of communities is augmented by the opportunities garnered by its members. It is with that aim, Aerocity New Delhi is becoming the national capital's new urban-development paradigm. With aerocites playing an increasingly important role as economic accelerators, it may be, therefore, not an exaggeration to say that the centre of gravity of modern cities' business is undergoing a sure and directed shift towards such aerocities. Such developments are fostering the growth of premium hotels, workspaces, restaurants and cafes of the city, leading to the continuous attraction of the business community in such vicinities.

The liberalisation of the Indian economy had a direct impact on the country's hospitality industry which contributes over 7 percent to the country's GDP. Considered to be a sunrise industry, the hospitality sector is expected to touch USD 460 billion by 2028. Moreover, India has witnessed considerable growth in foreign visitors since the 2000s. All these reasons have enabled the country to become the seventh-largest tourism economy in the world.

The hospitality industry in India is a significant economic multiplier. Despite the ongoing pandemic, this industry has been considered one of the most profitable industries, creating almost 15 million jobs in the past five years. The sector attracts a major chunk of foreign direct investment inflow along with the most important means of foreign exchange for the country. By 2028, the hospitality sector is expected to touch USD 460 billion.

In modern cities, business communities form a vital and essential part of their entire being. It is pivotal to strategically position airports and transit hubs in such cities for imparting an appeal for both business and tourism in these cities. With a suitably aligned and supporting infrastructure, an integrated aerocity can grow into an attractive and bustling Central Business District (CBD) with an unsurpassable appeal—an unbeatable combination of positioning and business leverage for both global businesses and quality brands.

As the effects of COVID-19 spread across the entire world, the primary focus for governments and businesses is the safety of their people. We are proud to see that our hospitality and leisure clients, being the first ones that experienced the extreme bad weather conditions, are moving quickly and remain focussed to understand and quantify the operational and financial impact for their business. The impact is huge, and not yet predictable, on both revenue and supply chains. The hospitality leaders from the GMR Group continue to develop premium hotels in Aerocity New Delhi, inching steadily towards normalcy. Being a leading business, leisure and entertainment destination in India, GMR Aerocity New Delhi is fast becoming the epicentre of global connections in the nation's capital. We hope the robust facilities of the GMR Aerocity hotels pave the way for the sustainable growth of the business community and tourism in New Delhi.

FROM THE CEO'S DESK

“Aerocity New Delhi has become signature to the new spirit of the Capital that is the perfect balance of a modern rhythm and a never-give-up soul, creating a fast-paced business ecosystem”

It is only with the rigorous pursuit of connections that businesses can expand effectively to reach out to larger markets. GMR Delhi Aerocity has been on a journey of evolution. It started operations as a hospitality district as part of the airport ecosystem to support the varied requirements of international and domestic travellers. Over time, it kept adding business assets, cultural and leisure experiences and attracted city dwellers alike. Today, it stands tall as India's premier business district that enjoys an elite clientele.

An unparalleled mix of culture, art, events, exhibitions, conferencing facilities and business experiences sets GMR Delhi Aerocity apart. It continues to evolve quickly and will keep adding rich and diverse engaging experiences.

Celebrating this, GMR Group has collaborated with the 20+ communities of BW Businessworld with the aim to position Aerocity as a primary base for travellers commuting from Delhi, Jaipur, Agra, Punjab, Himachal, Kashmir as well as international visitors of the national capital.

One of the endeavours of this collaboration is a monthly publication that will focus on the re-emergence of tourism in the North Indian states, luxurious office spaces developed by premium hotels, and customised experiences brought in hosting events. Our belief is that documenting what we offer, and layering it with the role that this plays in the sector's growth will deepen the business to consumer connect of Aerocity New Delhi.

These publications will be a luxe guide to know where to eat and stay while in Aerocity New Delhi, by strategically positioning multimodal connectivity of the vicinity. By engaging with GMs, CFOs, CMOs of the various Aerocity tenants, the magazines will showcase key features of the hotels, their F&B experience and offices spaces. The various celebrated events of hotels will be covered in the monthly calendar of these special magazine issues.

GMR Aerocity New Delhi is one of India's most prominent and the best hospitality district. AN INSTITUTION IN PERPETUITY IN NEW DELHI

GMR GROUP IS BUILDING SUSTAINABLE,
SMART AND RESILIENT INFRASTRUCTURE
WITH PREMIUM OFFICE SPACES, WORLD-
CLASS HOSPITALITY, EXQUISITE F&B
BRANDS, AND A VIBRANT URBAN
ENVIRONMENT

One of the fastest-growing infrastructure enterprises in the country, GMR Group comes with a rich and diverse experience spanning three decades. GMR Aerocity, New Delhi is amongst the largest and leading hospitality districts in India. Aerocity serves the right combination of luxury and entertainment within its well-planned commercial arena. With their vibrant portfolio of projects, GMR is uniquely placed to build state of the art projects in sectors that are of critical importance in the process of development. Using the Public-Private Partnership model, the Group has successfully leveraged its core strengths to implement several iconic infrastructure projects in India.

GMR Group entered the airport's space in the early 2000s and is today amongst the top five airports developers globally. Presently, the group owns and operates Delhi International Airport and Hyderabad International Airport. Apart from being one of the largest private airport companies in India, GMR Group is also the only Indian airport developer to have developed and operated airports outside India. Presently, GMR Infrastructure in partnership with Megawide Construction Corporation of the Philippines is operating and

developing Mactan Cebu International Airport – the second largest airport in the Philippines.

PARTNERSHIPS & COLLABORATIONS

To further strengthen the company's capabilities across the airport sector, GMR Infrastructure Limited (GIL) has formed a strategic partnership with Groupe ADP giving the latter a 49 per cent stake in GMR Airports Limited (GAL). Airports Authority of India is an equity partner in both the Delhi International Airport and Hyderabad Airport projects of the group and the Government of Telangana is also an equity partner in the Greenfield airport project in Hyderabad a walking distance from Worldmark, a premium shopping destination and business park. The GMR group is currently developing a 2101Ac (850 Ha) multi-product Special Investment Region (SIR) at Krishnagiri, Tamil Nadu, the division aims at creating state of the art establishments that are sustainable.

An important factor determining the viability and appeal of Aerocity is its degree of integration with the city it supports. Strategically located, intelligently designed and equipped with technology-driven facilities, it is no wonder that

the Delhi Aerocity is the newest bustling centre of commerce, premium retail and F&B (food and beverage services). The area has come up with more hospitality units than had been initially planned for the district. Prominent hospitality brands at Aerocity include Pullman, Novotel, Holiday Inn, IBIS, and JW Marriott, among others, across 5-star, 4-star, 3-star and budget hotel categories.

LOCATION PERFECT

The availability of investment-grade space in Delhi at relatively affordable prices as compared to burdened micro-markets, such as the traditional Central Business District of Connaught Place, allows the region to attract strong occupier demand. And in cases where commercial realty rates are comparable, the brand positioning of Aerocity is more amenable for global as well as domestic corporate firms. Overall, the micro-market offers multiple advantages vis-à-vis other business districts of Delhi. The region, moreover, has the potential

to accommodate a major share of mixed-use developments across the NCR by housing multiple global players from diverse sectors under the same roof. With the completion of the three towers of Worldmark in 2015, the total available office space in Aerocity currently stands at just under a million square feet.

GMR Aerocity New Delhi is one of India's leading business, leisure and entertainment destinations. Modelled on the smart city concept by the GMR Group, GMR Aerocity boasts of futuristic offerings such as safe and walkable districts with multi-modal connectivity, open spaces, and modern amenities. Designed to ensure low environmental impact, it even encourages resource conservation. Q. PLEASE TELL US ABOUT YOUR EXPANSION PLANS?

We presently have around 422 keys and are looking at expanding properties owned and managed.

We have recently launched another outlet of Roasted by Roseate in ISKATE by Roseate, our ice-skating rink in Ambience Mall, Gurgaon. ■

CHOCOLATE BITES BY ROSEATE

Chocolate is the unspoken language of love. They say it is the food of the gods. No wonder chocolates have become an integral part of the gifting culture.

With the launch of its fine selection of gourmet chocolates, Roseate Hotels & Resorts has raised the bar for artisanal chocolates. 'Chocolate Bites By Roseate' includes delectable gourmet chocolate bars.

Chocoholics have the option of choosing from classic favorites like Almond Rocks and Gourmet Bars or indulging in some Hot Chocolate Bombs. Chocolate bombs are chocolate spheres filled with hot chocolate mix and marshmallows, which melt into a cup of hot milk.

Whether you want to surprise your loved one or express gratitude to a friend, this is a perfect choice.

THE LOCALLY INSPIRED FACADES OF **ANDAZ DELHI** ENVISAGES THE VARIOUS FACETS OF THE NATIONAL CAPITAL ALONG WITH CAPTURING THE NEIGHBOURING AURA AND VIBE THROUGH ITS WORLD-CLASS CRAFTMANSHIP

A Luxury Lifestyle Hotel by the Hyatt Development, Andaz Delhi marks the establishment of the Andaz brand's first hotel in India. Andaz Delhi offers inspiring experiences through the neighbourhood's rich history and culture, helping guests get to know their surroundings more intimately and leave feeling like a local. Going by its namesake 'andaz' which suggests personal style, Andaz Delhi aims to celebrate the individuality of every guest. With imaginative interiors, artwork and amenities that reflect the neighbourhood, guests can truly immerse themselves in surrounding culture.

INTRICATE DESIGN & WORLD-CLASS ARTWORK

Conveniently located in Aerocity, the hotel is within easy reach of downtown Delhi and the business hub of Gurgaon. Designed to capture the spirit of Delhi by renowned architect Bauer Latoza Studio from Chicago, and interior designer Virgile and Partners from London, the hotel integrates traditional Indian elements, colours, and flavours into a modern design inspired by the unique craftsmanship of India. In every sense, Andaz Delhi brings a distinctly local experience.

UNIQUELY CRAFTED GUESTROOMS

Each guestroom at Andaz Delhi features a unique curated piece of art that celebrates a reason to "fall in love with Delhi". The collection is skillfully integrated into a book displayed in each room called "401 Reasons to Fall in Love with Delhi," written by well-known travel writer Fiona Caulfield. While there is much to love about Delhi, navigating its myriad twists and turns can be a challenge, therefore the book has been designed to highlight twelve different categories for those to discover areas of specific interests, including Delhi's Building Heritage, Taste of Delhi, Creative Delhi, Delhi Celebrates, Cultural Delhi, Sporting Delhi, Delhi Shops, New Delhi Architecture, Delhi Devotion, Delhi on the Move, Natural Delhi and Iconic Delhi.

MARKET-TO-TABLE DINING SPACES

Taking an innovative approach to restaurants and bars, Andaz Delhi emphasizes consciously sourced ingredients and local artisanal produce in the uniquely conceived food hall – AnnaMaya. Here, guests can eat mindfully by sampling delicious European and local cuisine inspired by the colours

and flavours of India. Guests can indulge in interesting cocktails that highlight the art of mixology at Juniper Bar. Their philosophy is simple: Source fresh, local ingredients, find the region's top chefs and invite them to plate their unique culinary interpretation of the surrounding culture. Their restaurants evoke the delights of a neighbourhood favourite, but with an elevated and unexpected twist.

EXTENDING YOUR LEISURE HOURS

The recreational facilities at Andaz Delhi include a pool with sun deck, as well as a fully furnished gym with the latest equipment, a spa with a unique 'Apothecary Blending Bar' and a range of treatment rooms. Each space is designed to better acquaint guests with the area in creative and unexpected ways that arouse the senses and heighten the experience.

ONE-STOP FOR ALL MEETINGS & EVENTS

The hotel offers 37,500 sq. ft. of innovative meeting and event spaces, with fluid layouts and functional design creating environments that dissolve barriers and encourage creative thinking, interaction and conversation. The oval-shaped pillar-less ballroom is one of the largest indoor luxury wedding spaces in Delhi and can accommodate up to 1,500

guests. The unobstructed design of the ballroom provides a blank canvas to customize and decorate the space based on the individuality and style of any guest. The unique Elephant Path adds a sense of drama to a traditional Indian wedding. Eight Andaz Studios offer residential-style meeting and event spaces with inspiring open kitchens and an outdoor terrace. SYNONYMOUS WITH LUXURY

- *Ranveer Brar*

Aerocity has become synonymous with luxury, convenience, connectivity, and hospitality. It's as much a part of New Delhi as is of Gurgaon. Where its erstwhile visitors were predominantly transit passengers or business travellers, it's

now a much-happening hub for city-dwellers too.

My first visit to Aerocity was to JW. It was when the Novotel Pullman was coming up. At the time, I was with Accor and got an opportunity to work as an Executive chef there. I could see so much potential from the site itself, and I think it has lived way beyond the projections and expectations that any of us anticipated at that time. Aerocity has become a city in its own right. It has become the face of New Delhi and New Gurgaon too.

A BIG HAPPY SCENE!

What I like about Aerocity is that there is always something to do at all times of the day, especially when it comes to food. If you fancy a quick stroll to grab a glass of wine and Tapas, or if you are in the mood for a light Sushi before a meeting, totally possible, in short, something for everyone.

The overall vibe, atmosphere, and energy define the Food & Beverage (F&B). And I say it's perfect for the F&B because the openness, vibe, and atmosphere are conducive to people having a good time. As a restaurateur and a part of the F&B industry, this means a big happy scene.

JW Aerocity especially is my favourite for the breakfast spread. I like to check in just in time for breakfast. The property has something for every palate and time of the day, from a Farm to table restaurant to Tapas and Sushi spots and even high-energy bar spaces.

EARLY MORNING JOGS

The safe and social vibe of Aerocity is equally exciting. If you want to go for a jog at 2 AM or eat at 5 AM, it is possible. It is a boon for transit travellers or business visitors who head in-head out early or begin their day early. Every time I have visited Delhi, I have stayed at the Aerocity for connectivity and having access to everything in one place. And all this with the Airport in sight!

For me, the Aerocity has been a happy part of my Delhi memories and visits. A home away from home! ■

CRAFTING EXPERIENCES

- Vineet Mishra

Complex General Manager at
Pullman and Novotel New Delhi

1. HOW HAS BEING A PART OF AEROCITY ENHANCED THE CUSTOMER SERVICE YOUR BRAND OFFERS TO CLIENTS?

Aerocity is currently the trendiest destination in the capital city. Strategically located within excellent reach of the New Delhi Airport and the Aerocity Metro Station, it is well-connected to the tourist attractions. It has become a hotspot for Delhiites as the area offers numerous options for a luxury staycation, rejuvenating spas, fine dining, and shopping experiences.

Combining lifestyle and design, Pullman New Delhi Aerocity is the perfect place to start your journey. It is close to Cyber City and shopping malls like DLF Promenade, Emporio, and Worldmark. The hotel is well-positioned to attain a large segment of important Meetings, Incentives, Conferences and Exhibitions (MICE) market since it is home to one of the largest convention spaces spread over a vast expanse of more than 40,000 sq. ft.

2. WHAT WAS THE DESIGN PHILOSOPHY FOLLOWED WHILE DESIGNING THE HOTEL?

Pullman is the perfect hotel brand for modern executives: a new generation of four and five-star hotels for the sophisticated, highly mobile, and hyper-connected travellers.

The first thing that catches your eye when you enter the hotel is a magnificent artwork made of glass mounted on the ceiling. The work of Meriem Hall, the Singapore-based designer who decided to give this Pullman property a peacock colour scheme, the installation is a chandelier shaped like raindrops. The same hues are in the hotel on the lobby walls and the carpets.

3. TELL US ABOUT THE MOST INNOVATIVE OFFERING FROM PULLMAN NEW DELHI AEROCITY.

A NEW GLOBAL ADDRESS FOR LUXURIOUS OFFICE

AN OFFSHOOT OF BHARTI REALTY,

CLASS OFFICE AND RETAIL SPACE,
STRATEGICALLY LOCATED AT AEROCITY,
NEW DELHI

Developed by Bharti Realty, the young and vibrant real estate arm of the Bharti Group, this 1.5 million sq. ft. of office and retail space is one of the most sought-after developments in Delhi NCR. Designed by reputed international designers, the project has a stunning external presence and thoughtfully-created interiors, including pedestrian walkways, spacious elevators and great views across the floors. The development is positioned as the new global address, and the development boasts marquee Indian and international office tenants and vibrant retail spaces.

When asked how Worldmark has continued to be a marquee hotel of India, CEO & MD of Bharti Realty Limited, S. K. Sayal said, "Worldmark is among the best in the country, possibly Asia. It's a mixed-use development with 1.2 million square feet for office spaces and 300,000 square feet for retail spaces. Being close to South Delhi, Gurgaon and Dwarka, Aerocity holds a distinct location advantage. Strategically located near the international airport terminal, Worldmark is the new hub of national and international

business giants such as Ernst & Young, Airbus, Goods and Service Tax Network to name a few".

GLOBAL ADDRESS

Set in the heart of the city's emerging high-end hospitality district and with the highest international standards of business and environmental practices, Worldmark is the address every business wants as its own. Being the address to names like E&Y, Emirates, Hitachi, Airbus, Mitsubishi, Bank of Tokyo, NSDC and IMF, among others, Worldmark offers the credibility and status that businesses deserve.

With innovative corporate spaces complemented with curated retail and food and beverage experiences in the form of 'The Walk', a unique work-play dynamic is created. This offers the perfect 9x9 experience where one can work, shop and party all in one place. 'The Walk' at Worldmark Aerocity provides over 0.3 million sq. ft. of space which a veritable who's who of restaurateurs and celebs have made their destination of choice to offer world cuisines and dining

formats, some of which are brand new to the Delhi NCR consumer and others which are crowd favourites wherever they might be present.

RESTAURATEURS AT THE WALK

Some gastronomic formats that are served at 'The Walk' and absolutely brand new to Delhi NCR consumers are Plum by Bent Chair, Daryaganj, Monsoon by Café Lota, REVE, La Roca and Kampai. 'The Walk' also hosts several crowd favourites such as the Farzi Café, Dhaba, Kylin, Underdogs, Café Delhi Heights, Punjab Grill, Beer Cafe, to name a few.

The 'Food Capital' that is the food court at 'The Walk' stands apart from the rest with its unique design, structure and because of the stellar experience it affords its guests. When Delhi-NCR unlocked in phases post the lockdown, 'the Walk' at Worldmark followed and is still following a strict repository of measures to ensure a comfortable and convenient dining experience for its customer. This is being done while maintaining its upscale dining standards of providing world-class food through contactless dining.

One of the crucial steps of contactless dining being followed by the restaurants is doing away with paper menus. Instead, they are offering QR codes that diners can scan using their smartphones at their respective tables and view the menu. They are also offering contactless digital payment options for both dining and takeaways. The restaurants are focusing on efficient crowd management through measures like reduced dining capacity, rearrangement of tables and pre-bookings.

OF INNOVATION & INCLUSIVITY

'The Walk' has installed contactless kiosks at its entry points

that will offer no-touch temperature screening and sanitiser dispersion. To ensure social distancing norms, escalators have been marked in three-step gaps. These innovations to the fine-dining experience are being maintained at both standalone restaurants and the food court of the curated food hub. These guidelines are part of a comprehensive SOP by 'Bharti Care', the facility management function of Bharti Realty, issued to all functioning establishments to operate responsibly.

Be it food or fashion; there's something for everyone here. The best bit is that it is just 20 minutes away from South Delhi as well as Gurugram. The Walk, Worldmark is also a hotspot for all the shopaholics out there. Premium brands like Central Aerocity house some of the most renowned retail brands and standalone retail options like Miniso, Shaze, Da Milano, Forest Essentials, Apronix (Apple Store), among others, thus offering the much-needed retail therapy.

'The Walk' at Worldmark also saw the rollout of 'INDIE Evenings', an exclusive musical property by

Worldmark, recognised as the nation's hottest musical act. It is a harmonious blend of genres- fresh and soulful, offering a unique mix of live performances by Delhi's favourite bands. With 'INDIE Evenings', 'The Walk' at Worldmark Aerocity became a perfect hangout location for the city's music lovers in the pre-covid era. With things getting back to normalcy, everyone is hopeful of reliving those times.
